

# ASSET MANAGEMENT COUNCIL LIMITED

'We provide the central meeting place for asset management and maintenance professionals across Australia.'

**Sally Nugent,**  
*CEO for the  
Asset Management Council*

## THE ASSET MANAGEMENT COUNCIL STORY

Beginning our journey in 1994 with a core group of dedicated volunteers, today the Asset Management Council consists of a Board, Secretariat, Chapters and members from across Australia and around the world.

Right from the beginning, we have been committed to the promotion and education of asset management and maintenance practices in industrial, commercial, academic and government sectors.

With a vision of 'enabling benefits for all from effective use of assets', we aim to provide a platform for technical knowledge to be learnt and shared, and opportunities for networking through key activities.

The Asset Management Council is a Technical Society of Engineers Australia, the peak body for all engineering disciplines, and is a founding member of the Global Forum on Maintenance and Asset Management.

ASSET MANAGEMENT COUNCIL
