**Lead
the way in asset
management**

Become a Gold or Platinum Corporate Member of the Asset Management Council and be recognised as a leading supporter of asset management in industry.

Gain access to a global network of asset management leaders and the best asset management practices through the Asset Management Council's affiliation with the Global Forum on Maintenance and Asset Management. Gold and Platinum Corporate Member Executives are invited to attend our Corporate Breakfasts and help create ways to improve Australia's global competitiveness by setting the direction of sustainable asset management both nationally and internationally.

**Help
shape the future of asset
management**

The Asset Management Council is at the forefront of asset management advancement. We contribute to the ongoing developments of the ISO Standard for Asset Management, have implemented the world's first capability assessed Asset Management Certification Scheme and provide organisations with in-house training for consistency of approach.

**We are a
co-founder of the Global
Forum on Maintenance & Asset
Management**

"The Asset Management Council believes its Corporate members have the opportunity to continuously improve investments and benefits for its stakeholders, employees and the wider community"

Ernst Krauss, Asset Management Council Board Member and Principal Reliability Engineer for Woodside Energy Ltd.

"The Asset Management Council has delivered on its promise: a common language and a community of like-minds willing to network and openly share their knowledge, wisdom and technical understandings. The key benefit for my organisation is the Asset Management Body of Knowledge, and increasingly it will be Certification for staff and our suppliers."

Sharon McAnelly, Darwin Chapter Chair and Program Director – Asset Management Capability Project for Power and Water Corporation, Northern Territory.

"Asset management is a growing community with growing understanding. The Asset Management Council provides clarity on what asset management is and provides case studies on how to apply it so that the asset management community can effectively grow capability"

Paul Agar, Asset Management Council Board Member and Group General Manager Asset Management and Implementation for Transfield Services
