Certificate No.	Issued on:
<p>I here by agree to be bound by the Code of Ethics of Engineers Australia and in doing so I am committing to the Cardinal Principles of the Code of Ethics:</p> <ul style="list-style-type: none">• To respect the inherent dignity of the individual• To act on the basis of well informed conscience• To act in the interests of the community• To uphold its Tenets <p>The Tenets of the Code of Ethics are:</p> <ol style="list-style-type: none">1. Members shall place their responsibility for the welfare, health and safety of the community before their responsibility to sectional or private interests, or to other members2. Members shall act with honour, integrity and dignity in order to merit the trust of the community and the profession3. Members shall act only in areas of their competence and in a careful and diligent manner4. Members shall act with honesty, good faith and equity and without discrimination towards all in the community5. Members shall apply their skill and knowledge in the interest of their employer or client for whom they shall act with integrity without compromising any other obligations to these Tenets6. Members shall, where relevant, take reasonable steps to inform themselves, their clients and employers, of the social, environmental, economic and other possible consequences which may arise from their actions7. Members shall express opinions, make statements or give evidence with fairness and honesty and only on the basis of adequate knowledge8. Members shall continue to develop relevant knowledge, skill and expertise throughout their careers and shall actively assist and encourage those with whom they are associated, to do likewise9. Members shall not assist in or induce a breach of these Tenets and shall support those who seek to uphold them if called if called upon or in a position to do so.
